Hi - ROI Retreats

A Strategic Escape for Creating Opportunities

Can you get a high ROI from a business retreat? You bet you can. How? Easy. Well, not so easy. It takes good planning, well thought-out agendas, realistic outcomes, well-communicated working agreements, and excellent facilitation.

Our goal is to create a positive atmosphere where open communication is the rule. Where trusting relationships are enhanced, developed, and reinforced. Where any team - partners, board members, senior managers, etc. - can leverage this atmosphere to work through difficult issues, reinforce and learn new communication skills, face and resolve conflicts, define goals, create a vision of the future, and maybe even develop the strategies needed to reach that vision. If you are business savvy and have retreats, don't close the door when opportunity is knocking. Make your retreat different. Make it a Hi-ROI Retreat.

Ovson Communications customizes all workshops to address the specific needs, time constraints, difficult issues, communication challenges, and personnel attending of the organization.
