

EXECUTIVE MANAGEMENT SERIES

Leadership is all about turning obstacles into productivity, visions into realities, and poor communication into opportunities to create environments where people are challenged and motivated. We need leaders now - sharpen your tools and become the most effective leader you can be.

WORKSHOP/SERVICE	ISSUES	BENEFITS
Leadership, the Art of Visioning <i>Sharing the Possibilities of the Future</i>	A Vision isn't seeing the future. It is seeing and sharing with others the possibilities of the future. A vision helps people define their direction, generate commitments, and create strategic plans to move forward together. Learn to create clear visions and endless possibilities.	<ul style="list-style-type: none"> • Unite organization members to work towards a common goal • Make decisions that focus on shared goals and values • Develop solid foundations and strategies to build a better future • Recognize and eliminate incongruent behaviors • Create new opportunities by viewing current processes in different perspectives
Communication for Managers <i>Making Communications Work at Work</i>	Language is often imprecise and vague. This can interfere with getting things done. Managers need to know how to be precise with their instruction, work with different types of communicators, and move forward with their own schedule. The ability to get people to understand what you need and when you need it is imperative to your success.	<ul style="list-style-type: none"> • Effectively manage their group • Negotiate and communicate with more confidence and effectiveness • Resolve conflicts within their team in less time with better results • Reduce errors by providing clear language and objectives to team members • Solve problems and make decisions in less time and with less stress
Presentations with Purpose <i>Presentation Skills that Grab Them by the Mind and Never Let Go</i>	To be competitive, it is essential that your presentation gets attention and keeps it. Learn to organize information and present it with confidence. Engage and convince your audience, whether they are clients, peers, or superiors.	<ul style="list-style-type: none"> • Control the room with confidence • Gather and keep attention immediately • Increase sales • Develop organized and engaging content • Reduce presentation anxiety and nervousness
Individual Coaching <i>For Executives</i>	Many executives fail because they have blind spots that make it difficult for them to recognize how to make changes in what is not working. Every time an executive fails, it costs your business in time, forward momentum, energy, and money.	<ul style="list-style-type: none"> • Analyze what is not working in your current system • Receive positive and constructive feedback • Create action plans for change and success • Build long-lasting, trusting relationships • Reach your potential • Increase your businesses productivity and success
Team Facilitation <i>For Executive Teams and Partners</i>	Executive teams are only as strong as their ability to communicate and work with each other. If there is tension and lack of coordinated resources between team members, the business suffers. To succeed it is essential that executive team members communicate effectively to resolve problems, find opportunities for growth, and create productive work environments.	<ul style="list-style-type: none"> • Define group issues and goals • Identify areas for growth • Identify areas for cooperation • Improve group cohesiveness • Build a strong team • Create win-win strategies
